

DON MAXIMIANO: THE VERY BEST OF CHILE IN CHINA AND FOR CHINA

Viña Errázuriz's flagship wine was awarded as the Best Chilean Wine at the Chinese competition 'Wine 100' and was especially selected to welcome Premier Li Keqiang during his first visit to Chile.

Don Maximiano Founder's Reserve has recently received two great honours. Wine 100, the most influential and reliable wine contest in China, highlighted Viña Errázuriz's flagship wine from the Aconcagua Valley as the Best Chilean wine, winning one of just fourteen Special Trophies awarded at the competition.

The presidents of the judging panel were Andrew Caillard, Master of Wine and Fongyee Walker, the renowned Chinese wine critic. Along with eighteen wine experts, and during three days, the specialists tasted and scored more than nine hundred wines to carefully select the most outstanding wines of the world.

This high recognition to Don Maximiano's quality and tradition made it the perfect gift to welcome Mister Li Keqiang, Premier of the People's Republic of China, and his wife Madame Cheng Hong, on his first official trip to Latin America.

On May 24, in order to honour Mr. Li Keqiang and consolidate the traditional friendship between both countries, Eduardo Chadwick, President and owner of Viña Errázuriz, sent the Premier and his delegation especially selected bottles of Don Maximiano Founder's Reserve. Eduardo Chadwick included as well the latest edition of the book "The Berlin Tasting, Uncorking the Potential of Chile's Terroir," which tells the story of the Chadwick-Errázuriz family and their quest to establish Chile's place among the world's greatest wine appellations.

Premier Li Keqiang expressed his gratitude for the gift and explained that Chile had been at the forefront of developing relations with China among all countries in the region, as it was the first nation in South America to establish diplomatic relations with China and one of the first to sign a Free Trade Agreement with his country.
